

THE LATEST IN WEB-BASED

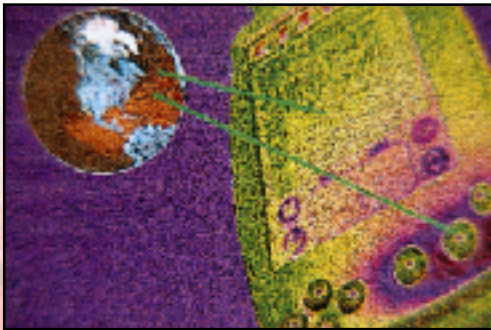

ServQuest is Prism Visual Software's integrated solution for field service operations. Our software

- Allows your customer to report a problem via the Internet;
- Dispatches the service work order to the field technician via PDA or cell phone (Nextel);
- Allows technicians to close work orders from the field;
- Invoices and/or charges for parts and labor to a service, warranty or preventive maintenance contract;
- Integrates optionally with a complete accounting system.
