

# Visual Dispatcher

THE LATEST IN WEB-BASED

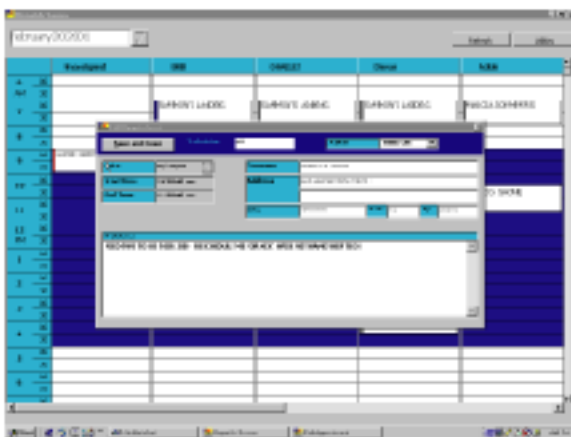

*Visual Dispatcher* Integrates with ServQuest. A Calendar displays visually the daily work orders for service and shows each technician and his/her scheduled work orders by hour. The dispatcher clicks and drags the jobs from one technician to another and from one date and time to another, changing automatically the work orders. Eliminate your chalkboards or wall size calendars!

PRODUCT COMPONENTS

## Learn the Power of PrismVS WebPages

Dispatcher 1 shows all assignments to technicians and RED task bar indicates alert status. Clicks and drags assignment changes.

Dispatcher 2 double-clicks on an assignment, which then shows the detailed problem and/or the notes sent from the technician.
