

# MiniMate/Pre-Order

## MiniMate Pocket PC Mobiles

---

**MiniMate/Pre-Order (MiniMate/PRE)** is Prism's add-on module that runs on Pocket PC devices connected via Bluetooth, WiFi, cellular, or a direct wired connection through ActiveSync.

**MiniMate/PRE** routes the field sales force and enables the wireless or batch synchronization of pre-orders to Prism's route management software for next nn days delivery by company truck. The synching into Prism's ServQuest routing module is easy and transparent, using ODBC connections and Sybase's MobileLink. This mobile module targets companies who route their field sales force take orders a day or two in advance of delivery by company truck. **MiniMate/PRE** is simple to sell, install, and train. **MiniMate/PRE works with Prism's ServQuest routing module out of the box.**

**MiniMate/PRE** allows each sales representative in the field to:

- Load customers, inventory, and pricing on the PocketPC device.
- Take pre-orders at the customer site for delivery next nn days.
- Capture signature and PO# as proof of purchase on the device.
- Print the order with signature at the site (optional).
- Upload wirelessly, cellularly or via batch methodology.

The **benefits** of **MiniMate/PRE** include:

- Importing the synched sales orders to Prism's ServQuest module.
- Eliminating paper, faxes, and phone calls, as well as human errors.
- Speeding up the process of order taking and delivering on schedule
- Creating an efficient and professional sales force in the field
- Increasing the ability to take more sales orders per sales day.

**MiniMate/PRE** is designed with all of the award-winning features of Prism Visual Software's other mobile applications.
